WE ASPIRE TOWARDS SUSTAINABILITY

The **Re-Create by Incanda collection** is crafted from our off-cut materials; namely leather, wood, steel and fabric. We are excited about developing this special initiative: transforming, what would have been, waste, into useful & inspiring products. Due to the unpredictable nature of collecting off-cuts, all of our product photos are representative only. We use collected, quality materials throughout, but the fabric options are bound to vary and leather types will be subject to availability.

**All products in our catalogue can be personalised via laser engraving or embossing
(All prices include VAT)**
